Property and Asset
Management Services

A fresh approach to property management

Landwood Group are integrally involved with all aspects of the property and asset management of office, shopping and retail parks across the UK.

At Landwood Group we offer a different approach to Property Management. Our approach is based on saying what we are going to do and then delivering it. There is nothing more frustrating to landlords and tenants alike than protracted schedules of work and expensive delays all too often experienced with the larger managing agents.

LANDWOOD
GROUP

Our Services

Property Management

Communication is key to all good management and this is particularly the case with property management.

Property
Management

Our Approach:

Landwood Group provide a comprehensive Property Management service conducted by a focused team of experienced and dedicated individuals. Our ethos is providing a director led one to one service by a team who are passionate about the service we deliver.

Our service offers streamlined delivery and value added services rather than creating unnecessary layers of expensive bureaucracy of the large firms that lead to inefficiencies and frustrates tenants. As a result our Property Management team have the capacity and experience to pay close attention to initiatives and strategies that can add real value to a property or portfolio. Our focus is “quality over quantity”.
