LOCATION

Macclesfield is strategically located 16 miles south of Manchester and 38 miles east of Chester, making it well-connected to major urban centers. Historically, it was a significant silk manufacturing hub from the 17th century and the town's economy is currently bolstered by the pharmaceutical sector, particularly AstraZeneca who are continuing to invest in the town.

The property is situated in a popular residential area, comprising of predominantly detached private estate housing, the property is approximately 1 mile southwest of Macclesfield town centre. The property occupies a corner position, on the junction of Ivy Lane and Sycamore Crescent, with vehicular access off Sycamore Crescent. Local bus routes are easily accessible on Congleton Road (A536) and the train station is located in the town centre (22 minutes to Manchester).

DESCRIPTION

The property is a former house that had previously been converted for use as a children's care facility, comprising a part single, part two storey building constructed on a split level site, extending to approximately 200 sq. m (2,153 sq. ft) on a site of 0.12 hectares (0.29 acres).

Planning consent was granted on 14th April 2023 for extension and internal alterations to the existing building, and demolition of the existing garage, to provide 6 no. supported living apartments for adults with learning difficulties (Use Class C3) with associated parking and facilities (Application: Application No: 22/4661M). It appears that strip out works have commenced internally. The property may be suitable for alternative uses subject to obtaining the necessary consents. We understand planning was granted on appeal.
